2. ENTERING AVERAGE

- Averages used in this event are to be reported as follows:
 - COMPOSITE USBC Average** from the previous season. If no average last season, can go back up to 3 years, but must use the highest league average with 21 or more games. Visit bowl.com to find your composite average.
 - If current league average with 21+ games is 15 pins or more higher than the entering average, use current average.
 - If no average, bowler will compete with a 220 average.
- Bowlers are required to report any rerated or adjusted average from any other tournament.
- Failure to use the proper average or make a correction before the end of the first game of qualifying shall result in the disqualification of the bowler if the submitted average is lower than the actual average (Rule 319a-3).

3. TOURNAMENT FORMAT
